OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canou, - - - Editor.

Entered at the Harrison post office as second class matter.

The JOURNAL stands fairly and squarely on the Chicago platform, but will not hesitate to support and work for the election of candidates for the various offices to be voted for this fall no matter whether they are Democrats, Populists or free silver Republicans, if endorsed by all the reform parties, conditional, however, that they advocate bi-metallicism the income tax law, opposition to national banks of issue, are opposed to the retirement of the greenbacks and treasury notes, favor government control of railroads, telegraph and telephone lines and the establishment of postal savings banking system, and also are opposed to the issuance of national bonds in time of peace.

The republican state convention met at Lincoln yesterday.

The republican state convention of Wyoming met at Douglas yesterday.

Dawes county in all probability will have to settle their county commissioner's range in the district court.

The Denver News, estimates the present war has cost the nation \$900,000,000 which is more of a supposition than an actual fact.

The New York World estimates the new war revenue bill is bringing \$12,000,000 a month into the U. S. treasury to carry on the war against Spain.

Hon. Horace C. Alger of Sheridan county, Wyo., was nominated by the Democrats at state convention at Casper on the 3rd inst and was endorsed by the silver republicans in their convention held at the same place and the same day.

Chairman M. A. Hanna of the republican national committee has notified the state committee of Utah, that a silver plank in their state platform is contrary to the declarations of the national platform of 1896 and would be repugnant to the party principals.

Stephen A. Douglas of Chicago, who has been a staunch and influential republican since his boyhood days and a son of the distinguished statesman who was one of Lincoln's private counselors has renounced his faith in that party and accepted Democracy as represented the true principle of "government" the people, by the people and strictly for the people.

Hon. James A. Garfield, son of the martyred president was defeated for the nomination for congress, in the republican congressional convention of the 20th district on the 4th inst. He was senator Hanna's candidate and was defeated by a McKimoon candidate. The defeat was caused says the Chicago Inter Ocean on account of the part young Garfield played in the senatorial contest at Columbus last winter.

The editor of the SIOUX COUNTY JOURNAL is a good-natured democrat, and don't like his neighbors to be quarreling. According to mention made in his paper he visited Chadron and while among the radical democracy in that burg, was informed that the democracy of Dawes county were shabbily treated by the populists for which he is sorry.

The above is a paragraph taken from a half column editorial in the Crawford Bulletin, Aug. 5th relative to what the editor of the SIOUX COUNTY JOURNAL had said some three weeks ago relative to the democrats putting up a candidate in this district, independent of the populists, for representative thereby making it possible for the republicans to elect their legislative candidate and perhaps the entire Dawes county ticket.

True Brer. Lindeman, the editor of the Journal is a "good-natured" sort of democrat and never misrepresents facts unless perchance he be misinformed, but let us return to our subject, as to the differences existing between populists and democrats in Dawes county. We are of the same opinion still, as then, the fact of the democrats putting a candidate in the field for representative, simply to play even with the populists in Dawes county, is all wrong as it is purely a local matter and should not be taken outside of the county which will make a three-cornered fight with a possibility of the ultimate defeat of senator Allen's re-election for the U. S. senate the coming winter.

Sioux county, as stated in these columns two weeks ago is entitled to the representative and the democrats of Sioux county feel that while the democrats of Dawes are trying to get even with the populists in their county, they are, besides, endangering the senatorial and representative ticket in this district.

The democrats of Sioux county, by all honorable means will push this county's claim for representative, who's candidate in no less a personage than Hon. Lewis Gerlach of our village.

No sooner had the fusion state ticket been nominated down at Lincoln than the republican editors in Nebraska began to talk sarcastically about the ticket which is about all the argument they are able to produce.

An old lady over east has a hen which laid an egg with the letters G. S. H., inscribed upon it. She took the egg to prayer meeting to have the meaning explained, and after much discussion a pious old lady arose and said it surely meant "Give Spain H—!" The meeting broke up with three cheers for Dewey. Alpena [S. Dak.] Journal.

The calamity shriek of our republican friends is that fusion of silver forces is for official places. Not exactly. But rather to turn republican thieves from the State house to the penitentiary.—Chadron News.

Yes, Brother Corns they have no other argument to go before the people of Nebraska with except that the fusion forces want the offices that is all. But the Hanna republicans don't want office, oh no, they just want to get another whack at the state funds, after the people under the reform parties have replenished the treasury then no body would want the offices. You see its along time between steals.

Following is what Stephen A. Douglas of Chicago, gave as his reasons for renouncing Hannaism and accepting the pure undiluted Bryan democracy.

For years I have been considered by Republicans as doctrinally unsound, because I really believe that this should be a government of the people, by the people and strictly for the people. This was the reason, without doubt, why I was not permitted by the machine to make a single speech in the state of Illinois during the campaign of 1896, though this year, under date of July 28, the Republican state central committee honored me with a request to take the stump for them.

Of late years the tendency of the Republican party has been to fasten this government under the control of trusts and monopolies. The tendency of the Democratic party has been to curtail the power of money and place the government in the hands of the mass of the people. I not only believe that this should be so, but I also firmly believe that the only thing that can prevent this country from being wealthridden on the one hand, or mob-ridden on the other, is that the government shall be in the hands of the plain people. All my life my sympathies have been with the people having been taught this by the two men I honor above all others, my father and Mr. Lincoln and today I believe my proper place is in the Democratic party and there I shall abide." Chicago Inter Ocean.

Birmingham Ala., July 31.—[Special.]—Farmer Joseph Plunkett has on his farm in Lawrence county four remarkable freaks of animals life. They are half pig half goat. Two of the animals have the head and fore shoulders of a goat including the minum horns while the other two are goats from in the rear of the fore shoulders. The four have a brother which is a common pig. All five were given birth by an ordinary young brood sow. Mother and progeny are all healthy and growing rapidly. The strange animals have been seen by hundreds in this section who skeptical at first were convinced by sight.

The Alabama state election on Aug 1st shows a majority of 75,000 in favor of democracy. The largest democratic vote in ten years was cast.

Estray Notice.

The following notice is tacked to a roadside tree in Maine: "Strayed or Swiped—A young hog shot with the left ear crop and tale gone also black spot on left hind hip and hole in other ear. State Reunion.

The Old Soldiers Reunion will be held at Lincoln, on September 13 to 17 inclusive. A great gathering of the old sore-worn veterans is anticipated. The Spanish-American war crowned with American victory every where has filled all the people with a martial spirit, and the old heroes are bubbling over with enthusiasm. Many of them would like to go again; more than 2,000 sons of veterans from Nebraska are now at the front, and their parents and friends will meet once more and talk over and compare the late Civil War with the present struggle with a proud foreign nation that was once mistress of the seas. These Grand Army gatherings inspire the rising generations with patriotism and a love for the flag of this great republic. Hereafter there will be a blending of and a fraternal feeling between the old veterans of the North and the South lands, such as has not been since 1861. The committee expect a rate of one fare for the round trip. Let everybody get ready for the reunion. The big crowds and the delightful summer make both farmers and merchant feel good.

Write to your friends in the East to meet you at the reunion at Lincoln, Sept. 13, 1898.

For concessionary privileges and information write to L. C. Pace, of Lincoln, G. A. R. rooms, Burr block.

There never was a time since this state entered the Union when its people could really afford a week of holiday better than this fall.

There are five thousand families in this state, who have near relatives in the present war, and the old soldiers hope to see them at the reunion this year, as their sons and brothers who live to return may soon be members of the Grand Army.
